

PARK PRIMARY Newsletter

24th November 2023

I can't believe next week will see us move into December! On Friday, our Park Christmas tree will arrive and we'll start getting into the festive spirit. As you know, we love Christmas at Park so we have lots planned to make it a special time for the children. Please see the list of activities in our December dates section

Mr Mellin, Headteacher

Theme 1 Celebrations

A huge thank you to all family members who have come in to Park over the last couple of weeks to celebrate your child's learning in theme 1. The children were delighted that you came and we hope you enjoyed the songs, films, art and books they had prepared. It was amazing to see just how much they've learned this year already!

Theme 2

Children in Y1-Y6 began their second theme for history, geography, art and DT this week. Their teachers are planning some exciting visits and visitors to enrich your child's learning. Please see the date for your child's enhancement on the right. We'll be in touch with more information nearer the time.

As a school, we are working hard to improve our communication with you so that you are better informed what your child is learning. To help with this, your child will have brought home a sheet that outlines what they will be learning in theme 2 (or until Christmas if they are in F1 or F2). We'd

love to hear your opinions about these sheets so we know whether you would like us to continue with them or have suggestions to improve them.

If you haven't already, make sure you have your say by answering the two short questions here:

for Y1-Y6 click [here](#)

F1 and F2 children click [here](#)

If you have not received a copy of the learning overview, please speak to your child's class teacher.

Home-learning

Thank you for sharing your views about what you would like homework to look like at Park. This week, we have consulted with children and staff to gather their views too. We will take all of this into consideration before making a final decision. Many families have said that internet-based apps would be useful as part of our offer, but we wanted to check whether this was something all families would be able to access before moving forward. Please click [here](#) to let us know which types of devices are available in your family so we chose an option that will work for everyone.

Drinks in School

Children are welcome to bring a drink into school to keep hydrated throughout the day. As we are a healthy school, the only drink children are allowed to drink in classrooms is water. This must be in a sports bottle to prevent spills on their work. If children bring in a drink they are not allowed into class, it will be put away for the day and returned to the adult who picks them up at hometime. We have water fountains in school for anyone who needs them.

Super Hero School

Altru Drama will be coming to Park next Wednesday to share a performance 'Super Hero School' with the children in Y2-Y6. This performance will be on the theme of anti-bullying and encouraging children to stand up for what is right. It should be a really fun and engaging way to learn about this important life lesson.

Park Pantry

The run up to Christmas can be a tricky time with budgets needing to stretch even further than normal. We have recently had a delivery of food to school that is free for all families at Park. It's here to be used, so if you would like one of our food bags, please contact Makaela (email address isplead@park.wirral.sch.uk)
